### San Fabiano in few lines

San Fabiano Calcinaia is situated in Castellina in Chianti, on the slope that descends towards Val d'Elsa. The winery covers 165 hectares and consists of a nucleus located at 550 mt above sea level: Cellele, where there are the best vineyards and farmhouses, and the winery center: San Fabiano, located at 250 mt. Above sea level, about 10 km. from Castellina in Chianti, where are the remaining vineyards, the cellars, offices and manor house. The farm building are part of a small medieval village dated back 1000 AD. Guido Serio and his wife Isa arrived in San Fabiano in 1983 and immediately undertook with investments to produce quality wines: the renewal of the vineyards, winery and aging, creating a professional and motivated staff, were steps aimed at achieving a high level of production value. Today San Fabiano produces quality wines, distributed and appreciated around the world, and obtained exclusively from grapes from its own vineyards. The transition to organic process, that soon will involve the whole production: wine and oil, is the last step of a business choice that combines quality and sustainability of production.

In the farm there are various accommodations in apartments renovated and furnished in Tuscan style, where you can spend time relaxing in the quiet of the Tuscan countryside.

The staff of San Fabiano is always available for tours and tastings in the cellar, the best way to convey the culture tradition and passion for our area.
